AUTHORITY OF CONSULS QUESTIONED

Germany Will Not Recognize Their Credentials as Binding

IN ANY COUNTRY IT IS NOW OCCUPYING.

AMERICA IS NOTIFIED

As Well As Other Neutral Countries and Also Those Allied With Germany—Defends the Action By Citing the Fact That There Are Many Belgians Acting As Consuls.

Amsterdam, via London, Jan. 2.—According to a statement in the Nord Deutsche Allgemeine Zeitung, a summary of which was given out today by the official press bureau in Berlin, Germany no longer considers binding the exequaturs of consuls in any territory which has been occupied by Germany during the war.

"The Nord Deutsche Allgemeine Zeitung, explaining the status of consuls in Belgium, concerning whose exequaturs it intimates there has been considerable misunderstanding, says that Germany has notified not only America but all neutrals, as well as those countries allied with Germany, that she no longer considers binding, in any hostile territory occupied by Germany, exequaturs issued prior to the war."

At the same time it is made plain that Germany is glad to meet wishes regarding the admission of consuls anywhere except where military operations are being carried out. Only persons of Germanophile or neutral leanings be appointed, but she has made no request for the recall of any particular consul.

"It cannot be expected," the newspaper adds, "that Germany accept hostile Belgian subjects as consuls for other countries in occupied territory. This point is said to be especially important as 300 Belgians heretofore have held posts as consuls for allied or neutral states."

LIQUOR LICENSES

GIVE \$750,000 TO STATE TREASURY

Columbus, Jan. 2.—The state liquor license commission turned \$750,000 into the general revenue fund of the state treasury as a New Year's gift. The commission still has about \$300,000 in its fund which was accumulated through the collection of fees charged saloonkeepers, collection of fines and special taxes which have for years been evaded. With the payment Thursday morning, the license commission has turned into the general revenue fund of the state \$750,000 since it has been in office, a little over one year.

ANOTHER STEAMER

REPORTED SEIZED.
Washington, Jan. 2.—It developed today that another Standard Oil vessel, the Cushing was also seized by the British cruisers with a cargo of oil but already has been released. The department made it clear that she also was of American registry.

IMPORTANT MEETING.
All committees appointed on the Blair Motor Truck Co. proposition will meet at 7:30 Monday evening at the assembly room in the "F" building. It is urged that every member of every committee be present.

Try to Inject Liquor Issue In Dem. Caucus

Columbus, Jan. 2.—The wet and dry issue was said to be a factor in the contest which was being waged early today for control of the Democratic caucus of members of the House of Representatives which was to convene this afternoon for the purpose of nominating the state of minority selections for offices in the lower branch of the general assembly.

Candidates for the speakership nomination which will carry with it the minority leadership were representatives John F. Kramer of Richland county and Culbertson J. Smith of Butler. Both were members of the last house and Kramer was classed as a radical dry. Smith has been regarded as a wet.

Senator Root Would Allow Belgian Emigrants to Enter Port

Washington, Jan. 2.—Senator Root made an eloquent plea to the senate today to amend the immigration bill to exempt from restrictions the refugees of Belgium.

"We should open the door to Belgium," he said, "because the people have no country. It has been taken away from them. They are wandering over the face of the earth. The hearts of Americans have turned to them with deep compassion."

TORSO FOUND IN ICE CAKE THAT OF MAN

BODY FOUND WRAPPED IN TWO BURLAP BAGS BY A SMALL BOY.

Head is Missing and Identification Difficult of Supposed Murder Victim.

New York, Jan. 2.—Examination early today of the torso of the human body discovered last night imbedded in the ice in a marsh near Coney Island led the police to believe it was that of a man. The torso was wrapped in two burlap bags and patrolmen and detectives searched all night in the Long Island meadow where the two bodies were found in the hope of locating the missing parts of the body. The police were especially anxious to find the head that the identity of the supposedly murdered man might be established. The discovery of the dismembered body recalled to the detective bureau the finding of the mutilated body of Anna Ammuller who was murdered by the Rev. Hans Schmidt and the fragments thrown upon the Jersey shore of the Hudson river.

The discovery of the bags was made by a small boy who was passing near the spot. The boy led a detective to the place, who ripped open the exposed top of one of the bags. It contained the mutilated upper part of a human body from which the arms had evidently been removed. Lower parts of the torso were in the second bag.

35 OFFICERS SANK WITH FORMIDABLE

London, Jan. 2.—The British admiralty today issued a list containing the names of Captain Arthur N. Loxley and thirty-four other officers of the British battleship Formidable, which was sunk in the English channel yesterday, who, it says, must be presumed to have been lost in the disaster, as they have not been reported among the saved. The list includes nine midshipmen.

The Formidable was torpedoed off Portsmouth by a German submarine, according to a report current in Paris.

Portsmouth is the chief naval station of England. It is situated at the southwest extremity of Portsea Island, 18 miles southeast of Southampton and 65 miles southwest of London.

POSTOFFICE ROBBERY.
St. Charlesville, O., Jan. 2.—Two men broke into the postoffice at Flushing, early today, and obtained \$1200 and registered mail. Deputy Sheriff Dunfee and a posse of men were awakened when the nitroglycerine exploded the same are in pursuit of the robbers.

GOVERNMENT LOSSES.
Philadelphia, Jan. 2.—The United States district court here today handed down an opinion refusing the government's petition to break up the Keystone Watch Case Co. on the ground that it is a trust in violation of the Sherman anti-trust law.

German Troops' Martial Spirit Is Not Broken

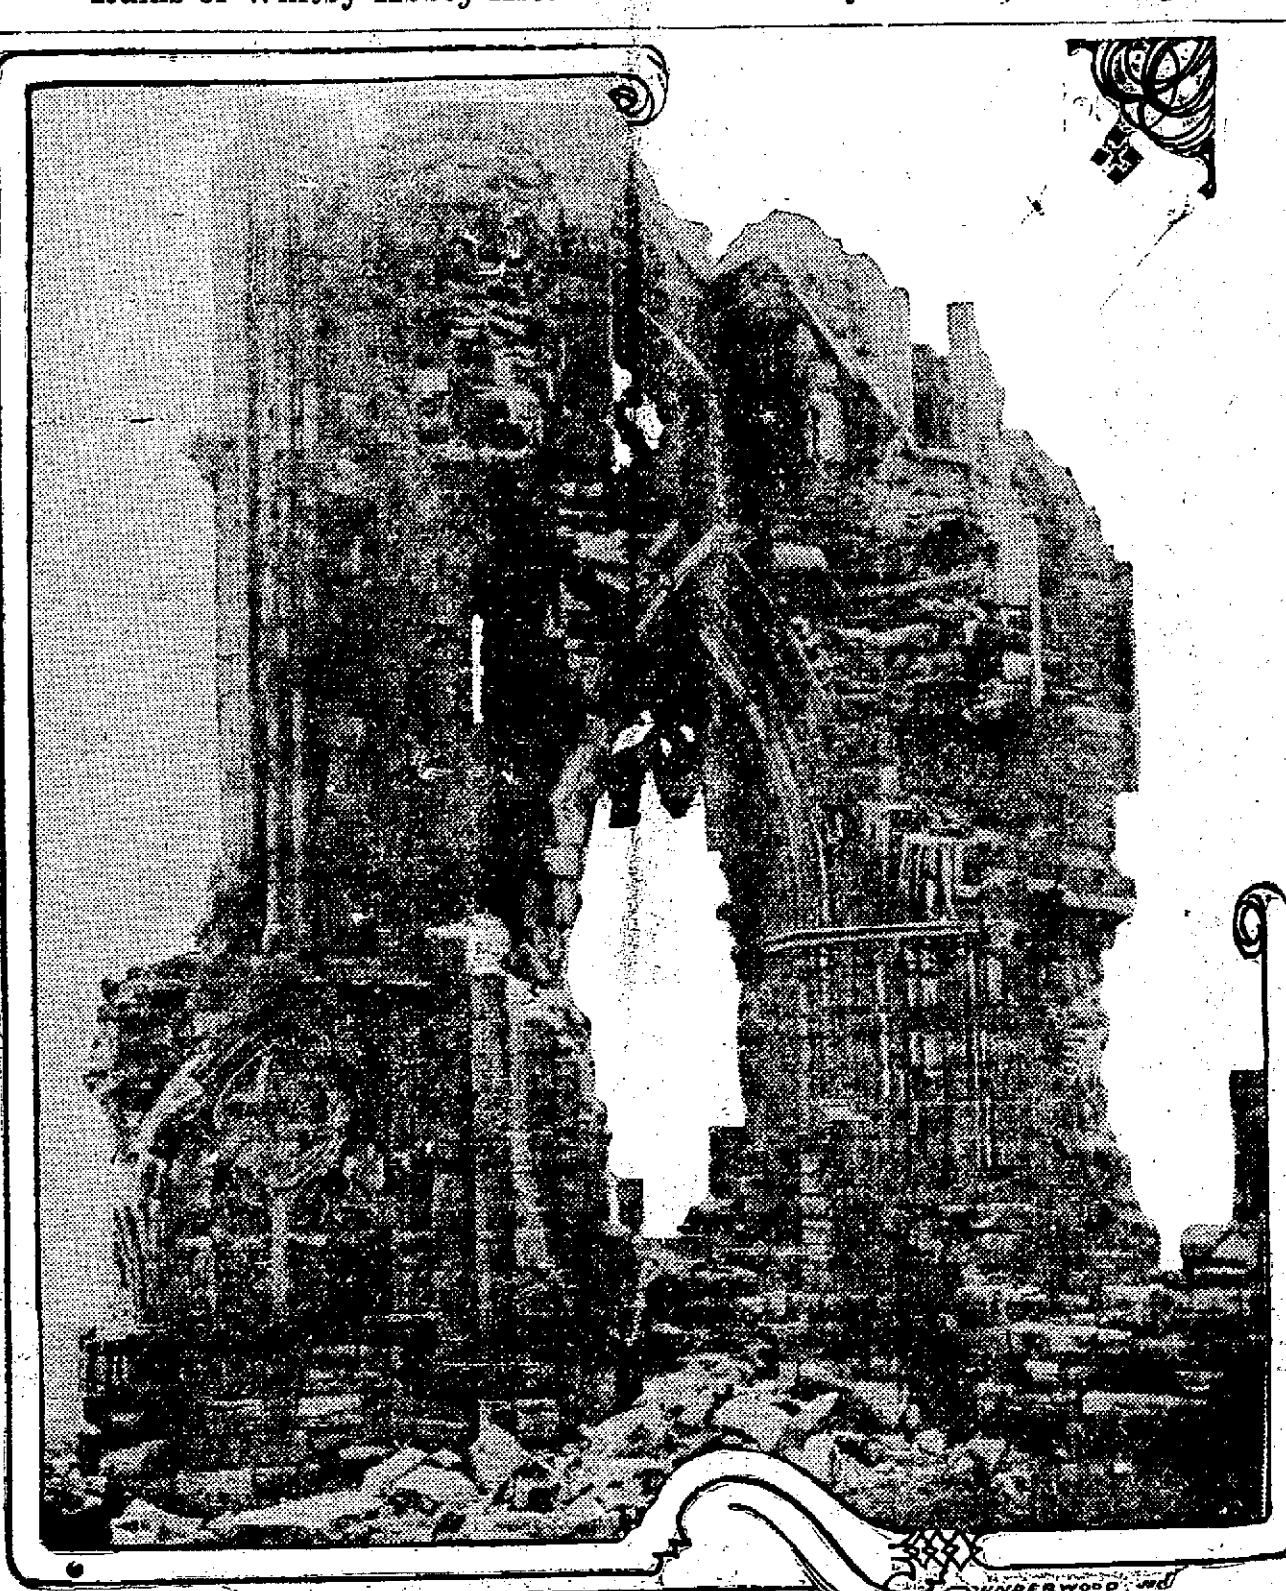

London, Jan. 2.—"While some of the German prisoners appear gloomy and criticize their leaders, this is no fair indication of the sentiment of their fighting troops."

So says a British official eye-witness at the front in a dispatch dated December 31, adding:

"Neither the pinch of real want nor the lack of men and material of war has yet been felt by the Germans, nor has the consciousness of defeat been brought home to them."

"They believe that Russia has suffered decisive defeat; that England is decadent, and France exhausted, and is ready to make peace. They are conscious, however, that the war will last much longer than at first expected."

Ruins of Whitby Abbey After Bombardment By German Warships.

This photograph, just received in the United States, shows part of what was left of Whitby Abbey, one of the famous historic churches of England, after the bombardment by German warships which raided the east coast of England, December 16. Shells from the cruisers some miles at sea beat down the old walls until little was left. It was among many

other buildings of Whitby, Scarborough, Hartlepool and West Hartlepool damaged by German shells.

Whitby, which was the smallest of the bombed towns, was famous chiefly for its beautiful old cathedral. Tradition has it that Robin Hood and Little John practiced archery from its towers.

The abbey was founded in the seventh century, but the buildings were practically rebuilt in the twelfth and fourteenth centuries. The old church towers formed a conspicuous landmark from the sea. The town itself never has been robbed by modern enterprise of its Old World charm.

Former President Taft Says That Several Generations Must Elapse Before Filipinos Can Govern Selves

Washington, Jan. 2.—Former President Taft gave his views today on the administration bill or ultimate independence of the Philippines to the senate committee working on the measure. He gave the committee a detailed statement of his conception of the duty of the United States toward the Philippines and of his work as governor-general of the islands and later as secretary of war and president.

"When President McKinley sent me to the Philippines," said Mr. Taft, "I told him that I thought that we ought not to be in the islands. He said to me that we had to stay. But the idea then was that we would get out just as soon as we could. Our first purpose in being in there is to get out."

"This discussion," said the former president, "must depend a good deal on what you mean by self-government. I can do no better than quote from the president of the United States."

Here Mr. Taft read from one of President Wilson's books a lengthy definition of self-government. It set forth that self-government was "not a mere form of institution, but a form of character, a growing of a people to practical maturity."

"We cannot," said Mr. Taft, "give the Philippines self-government, because it cannot be given. We cannot present the Filipino people with a character. It must be acquired. One way to acquire it is through hard knocks, as the Anglo-Saxon race acquired it. When we went to the Philippines we tried to give it to them by maintaining a constitutional form of government as an object lesson, and by educating the people in the language of free institutions."

We tried to have the government participating in but not controlled by the natives. You cannot make over a people in one generation. Particularly you cannot when that is a generation of adults, and a vast majority of that generation is woefully ignorant. It cannot be done.

"Gentlemen, I'm at last in a position where I can say just what I think. You have called me here, I did not ask to come, and I'm going to tell you just what I know about things."

"Now," he continued, "what time do I think will be necessary to train the Filipinos for self-government? The time that shall give to those people an opportunity to learn English so that they shall be an English-speaking people. That will take more than one generation, and probably more than two if you count thirty years a generation. You can't."

Thirty-three officers and 100 men were taken prisoner by us. On this occasion we succeeded in taking the entire Pola cruises burned forest for which we have been fighting so long.

"Less important engagements southwest of Saarburg had the desired result."

"Late the French have systematically bombarded the villages situated behind our front. They succeeded in killing 50 inmates of one of the shelters of our divisions."

"The French officials report that the French are making progress step by step in the village of Steinbach (Alsace). Not a single house has been lost by us in Steinbach. All the French attacks on this village have been repelled."

"It is reported from the eastern theatre that the situation on the east Prussian frontier is unchanged. The Polish front to the east of the Pilica river, there have been no changes in the situation."

General Joffre Is Avoiding Comprehensive Attack and Is Playing a Waiting Game

Pending the Time That Effective Reinforcements Arrive, When It Is Expected He Will Throw the Combined Forces Irresistibly Against Some Strategic Point in the German Battle Line in the Western War Theatre

AUSTRIANS REPORTED TO BE NOW BOMBARDING BELGRADE

After Having Been Once Driven Out of Serbia—Sultan and His Court Said to Be Preparing to Leave Constantinople, Fearing the Early Fall of the City—Germans Continue to Press Forward in Poland—Both Armies Are Expecting Fresh Troops and Much Will Depend Upon the New Formations of the Opposing Forces.

London, Jan. 2.—The latest news available from the western battle front shows that little progress is being made by the allied forces and rather indicates a sporadic renewal of the German offensive, with resultant slight gains in the Argonne and French Flanders. These operations can hardly be classed as a general German offensive movement in the west such as is still being conducted in Poland, but the strength which the Germans are showing seems to make it plain that they have not weakened appreciably their western army by transfers of troops to the east, nor has the pressure of the allies broken their grip on Belgium and France from the North Sea to Metz. General Joffre apparently is still avoiding a general attack. Except for their tactics of feeling out the German line by attacks here and there, the allies are playing a waiting game, pending the time when, with the assistance of reinforcements they deliver a concentrated blow at some strategic point.

The Germans are still attempting to press forward in Poland, but to the south the Russians have driven the Austrians further back—more than 60 miles in all. It is again reported that the Russians are pouring across the Carpathians into Hungary causing the inhabitants to flee.

Driven out of Serbia, the Austrians nevertheless are attacking Belgrade. According to dispatches from that city four monitors have bombarded it. It is exceedingly difficult to obtain any clear view of the Turkish operations, but according to an Athens dispatch the sultan and his court are preparing to leave Constantinople, fearing the early fall of that city. The attack on Egypt seems to have been abandoned indefinitely. Various reports concerning the condition of Emperor William's throat are again in circulation. According to one version, the emperor must soon return to Berlin to undergo an operation.

With full knowledge that vast numbers of men are now being trained in England, Germany, it is recognized here, must be preparing to meet their entry into the war. It is agreed that much depends upon the quality of the new formations on both sides. The English view is that British troops will be the cream of the country, while Germany, having sent her finest forces at the outset, must depend for reinforcements upon how less fit physically.

There are again reports of the movement of German troops from the west to the east. Advice from Amsterdam state that 200,000 Germans passed through Cologne on the way east and it is suggested that they are being sent to General von Hindenburg preparatory to another great effort to battle through the Russian lines to Warsaw.

IMMUNITY PLEAS ARE OVERRULED BY DIST. COURT
New York, Jan. 2.—The federal district court overruled today the pleas of immunity interposed by John L. Billard, James S. ITALY INVITES MANY FOREIGNERS TO LEAVE COUNTRY
Rome, Jan. 1 (9:50 P. M.).—The government has ordered the police to keep a close watch on foreigners and to make special investigations of their doings while in the country. Many have been invited to leave the country as soon as possible if it is stated that some will be expelled if they do not take the hint. The government's action, it is stated, is due to reports of espionage.

American Tank Steamer Seized By British for a Second Time; State Department Takes Action

Halifax, N. S., Jan. 2.—Word was received here today that the American tank steamer Brindilla, whose arrest by a British cruiser and detention at Halifax last October was the cause of diplomatic correspondence between the United States and Great Britain resulting in the steamer's release, again had been seized off the coast of Scotland and taken into Aberdeen.

Maritime records show that the Brindilla left Alexandria, Egypt, on or about November 26. The Brindilla's first seizure, off New York last October resulted in a vigorous protest by her owners to the state department of the United States government. At that time the Brindilla had aboard a cargo of oil and was bound ostensibly for Alexandria, Egypt. A British cruiser conveyed her to this port. The British embassy at Washington announced that the crew had attempted to scuttle the ship and that the vessel was not headed for a neutral port. Acting upon the Standard Oil company's protest the state department at Washington made representations to the British government which resulted in the Brindilla's release after she had been detained at Halifax for about a week.

TANK STEAMER WILL PROBABLY SOON BE RELEASED BY CAPTORS

WASHINGTON, Jan. 2.—The state department learned today that the steamship Brindilla after her seizure off the coast of Scotland, was taken to Brest and made representations to the British government that the ship had acquired her American registry before the outbreak of hostilities. Official assurances have been received that the vessel will be promptly released.

BRINDILLA'S SEIZURE CONFIRMED AT THE STANDARD'S OFFICE

NEW YORK, Jan. 2.—Confirmation of the Brindilla's seizure was given today at the office of the Standard Oil company here, but it was said that the ship had been intercepted by a French warship and taken to Brest, France. This information reached the company, it was stated, in a cablegram from Captain Peterson, commander of the Brindilla, by way of London.

French Report Recites Many Minor Battles

PARIS, Jan. 2.—The French official statement on the progress of the war given out this afternoon, recites a series of accounts along the battle line of comparatively minor importance. German attacks and counter attacks have been repulsed; French gains have been retained.

The artillery exchanges have been spirited, and Steinbach, where street fighting has been going on for several days, the French say they have

E. M. Larason Resigns Secretaryship of The Licking Co. Fair Board

The directors of the Licking county agricultural board met in annual session Saturday and heard the report of Secretary E. M. Larason, Treasurer B. O. Horton and the auditing committee.

Secretary Larason presented his resignation to the board. This came as quite a disagreeable surprise as Mr. Larason has served but one year but made such an efficient official that the board was loath to part with his services. Mr. Larason stated that it was with reluctance that he was forced to retire from of-

The report of the auditing committee was next presented as follows:

REPORT OF AUDITING COMMITTEE.

Newark, O., January 1, 1915.

To the Board of Directors of The Licking County Agricultural Society:

The undersigned committee appointed by the president of the board to audit the accounts of the secretary and treasurer for the year 1914 beg leave to report that we have made such examination and comparison of the books kept by said officers and of the various accounts of receipts and expenditures shown therein as satisfies us that the said books and accounts have been correctly kept and show accurately the financial transactions of the society.

We commend the secretary and treasurer for their painstaking care and accuracy in the performance of their duties.

We find that the gross receipts of the society for the year 1914 amount to \$13,538.52, and that the expenditures amount to \$13,282.82, leaving a balance on hand January 1, 1915, of \$255.65. This small balance on hand following a successful fair held in the year 1914, is to be explained chiefly on two accounts.

First—The board has paid out of the receipts for 1914 about \$1410 of indebtedness which accrued in the year 1913.

Second—We find that there was expended in carting and improvements upon the grounds for the year 1914 the amount of \$3312.10, almost one quarter of the gross receipts for the year.

This latter account is made up of labor account, \$1298.47; lumber bills, \$507.35; hardware, \$95.26; and ground-keeper for 1913 and 1914, \$70.00.

We assume without knowledge on the subject that the society has received the equivalent in improvements and repairs to represent these expenditures.

We beg leave to submit the following recommendations to the

board:

First—We recommend that an expert accountant be selected to open a set of books for the secretary and treasurer to keep which shall show in detail the business of the society. Such person can be secured in this city whose compensation will be reasonable, and we believe that it will greatly simplify the work of the secretary and treasurer and at the same time furnish to the society a more definite and accurate information as to the receipts and expenditures of its money.

Second—We recommend that all bills in excess of \$10.00 be approved by the executive committee in writing before any vouchers are issued for their payment.

Third—We recommend that there be more rigid collection of the stall rent bills.

Fourth—We recommend that the ground-keeper be required to keep the time of all labor performed on the ground and that he shall certify to the correctness of all bills for labor thus performed.

Fifth—That the duties of the ground-keeper be defined and prescribed by the directors or the executive committee of the society. Respectfully submitted,

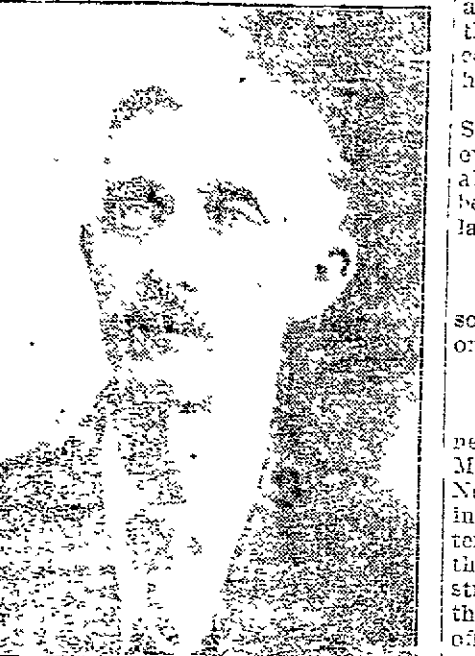

FRED H. STEVENS.

J. R. FITZGIBBON.

EDWARD KIBLER.

CONVENTION OF CENTRAL OHIO C. U. CHURCHES

The Central Ohio Young Peoples Christian Union met in convention at Maple Avenue Christian Union chapel, Newark, January 1st, and held one of the most interesting and successful meetings in the history of this district as an organization for young people's Christian work. The business was dispatched promptly and rapidly by the president, Mr. Roswell, of the West Newark society. The program was a splendid one and was applauded from start to finish.

Every one of the twenty-three members was a life one, and reflected great credit to the performers. The crowd was large, but not overflowing, so, just about as many as the house would accommodate nicely—"a house full" of appreciative people.

The supper served by the North Newark society, Free, was all any one could wish and enough to feed the 200 or more "and much left."

The next meeting will be held at Roscoe, July 4th, 1915.

GRANVILLE BOY IN ENGLISH ARMY WRITES A LETTER

L. A. Austin of Granville has received a letter from Dwight Sample, a former Granville boy, who has joined Kitchener's new army and expects to go to the front in February. Sample was employed in Brazil at the outbreak of the war and because of the hostilities, the work they were engaged in was abandoned and the men discharged. With a number of companions who were English and French, he drifted to England, caught the war fever and enlisted. He states that the men in the new army are anxious to be on the move.

IN UNITED STATES GREATER THAN EVER.

Washington, Jan. 2.—Production of petroleum in the United States in 1914 was greater than ever before, according to preliminary figures today by the geological survey, the output being estimated at 242,000,000 barrels. This was an increase of more than 13 per cent over 1913. Of the total 1914 output it is estimated that nearly 20 per cent came from California and Oklahoma.

APPEAL

MADE TO RED CROSS FOR RELIEF FROM HUNGER AND COLD IN MEXICO.

Consul at Monterey Indicates That There Are 2000 Suffering Families There.

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 2.—The American Red Cross was today appealed to by Consul General Hanna at Monterey, Mex., for aid in relieving upwards of 2000 families who are suffering from hunger and cold in that section of the revolution-torn republic.

Consul General Hanna's message was sent to the Red Cross through the state department. In it he says that the food situation is worse than in Europe and that in addition to those now needing help several thousand probably will be suffering before the end of the month.

"I now have 50 families on my list in Monterey which are being furnished corn beans and rice twice a week," says Mr. Hanna.

"There are a thousand more families who want tickets to the relief station. There are probably more than 2000 families in Monterey who need help now and the prospects are that several thousand will be very hungry before January is past."

"The Mexican authorities are interested in doing what they can, but after four years of war during which the fields have been neglected, the crops are very short and the local supply is almost exhausted."

"I need for Monterey and nearby towns two cars of corn each week. We need a carload of beans and rice each week. We wish every town in the cotton states would buy a bale of cotton blankets and send them to Mexico for these people have very little clothing. It is awfully cold. The food situation is evidently worse here than in Europe where big harvests were gathered last fall."

We wish every town in the cotton states would buy a bale of cotton blankets and send them to Mexico for these people have very little clothing. It is awfully cold. The food situation is evidently worse here than in Europe where big harvests were gathered last fall."

STEALS MONEY FROM MAN WHO BEFRIENDED HIM

William Raney, 28, who says he came to Newark from Philadelphia, but claims to be a native of Alabama, was arrested at an early hour Friday morning on a charge of stealing \$18 in money and a check for \$25 from Frank Fitzgibbon. The arrest was made in a local hotel by Officer Donley. Raney has been in Newark for some time and was befriended by a number of local people, who became interested in him. He was given a position by Mr. Fitzgibbon and violated the confidence placed in him.

When arraigned in police court Saturday morning, Raney pleaded guilty to the charge and was fined \$10 and costs and ordered committed to the county jail.

When arrested he had \$12.99 of the stolen money yet in his possession. This was turned over to Mr. Fitzgibbon. The check was not found and it is believed Raney destroyed it.

Accuracy and Experience

TWO ALL-IMPORTANT ESSENTIALS OF THE DRUG BUSINESS.

This is what has made our store popular. It is a mighty easy matter to get a little too much or not quite enough. Enough difference to kill the efficiency of the doctor's prescription. Experience is equally as valuable to the druggist as it is to the physician. Every prescription or family receipt brought to our store is filled exactly according to specifications. Each drug and ingredient is carefully weighed or measured and compounded by a registered pharmacist (not a boy) in accordance with the directions given in the prescription. Our long experience prevents mistakes, and mistakes oftentimes spell death. If you are not already our patron, commence the New Year right by making this your drug store and let us prove our claims.

Lodges

MODERN WOODMEN.
Cedar Camp No. 4727 M. W. of A., met in regular session on Wednesday night with a nice turn out of the members. This being the last meeting night in the year not much business was transacted. Arrangements were made to start the year 1915 in good shape and on next Wednesday night candidates will be adopted and a general good time will be held and celebrate 32nd anniversary of the society.

The first dance given by the Camp on Dec. 22 was a success, and it was decided by the Camp for the Forester team to give a dance regularly every month, and on Tuesday night, Jan. 26, the second dance will be held. Any member desiring an invitation can secure one by asking any member of the Forester team or at the clerks office. Only a certain number of invitations will be issued for each dance and the invitations must be presented at the door to gain admittance. No admission fee is charged as the Camp stands the expense and it is a treat of the Camp for the members who dance. The invitations will be ready for distribution on Jan. 6, and the first come, the first served.

Neighbor Jas. T. Berger was reported as being sick at the last meeting of the Camp. Neighbors who live in the vicinity of this neighbor should call upon him.

The moving pictures which were shown at the Lyric theater on Dec. 28 were enjoyed by all the neighbors who saw them, especially the sanatorium picture.

Neighbors remember that on next Wednesday night we will confer the ceremony of adoption and we expect you to be present. Start the New Year right by attending the regular Camp meetings and get interested in the work and try and bring in an application. Remember you will receive \$2.50 for every new applicant that you have adopted. Get busy and make the team and officers work every meeting night.

Newark Lodge No. 623.
Last Monday evening Newark lodge held a short business session which was closed in time for about fifty brothers to go to Granville on the 7:50 car; arriving at Granville the first degree staff conferred the first degree for Myrtle lodge on two candidates. After the work we were entertained with lunch. This was certainly an evening enjoyed by all brothers present as the members of Myrtle lodge know how to make visitors feel at home. The brothers at old Granville report a good year and better prospects for the New Year.

Next Monday evening we hope to have all the members of the first degree staff out so that all arrangements can be completed for our meeting on Jan. 11. On this occasion Johnstown will be here with their candidates. All Odd Fellows are most cordially invited to meet with us on that date.

Mt. Olive Encampment No. 12.
Mt. Olive Encampment met in adjourned session Thursday evening, Dec. 31, with an excellent turn out. The royal purple degree was exemplified in full form. The entertainment committee had procured some good cigars which were enjoyed as we witnessed the journey through the wilderness and listened to the experiences of a few of our old patriachs who came up to renew acquaintances.

Next Thursday evening, Jan. 7, is our regular meeting, at which time the officers will be installed for the ensuing term. We extend a cordial invitation to all patriachs to meet with us.

ROYAL ARCANUM.
Bayard Taylor Council No. 221. Royal Arcanum met in regular session Dec. 28, with a good attendance of members, it being the annual election of officers, and the following were elected:

Regent, C. E. McPeak; vice regent, C. R. Warlick; orator, Leo Stevens; secretary, C. E. Stauffer; collector, D. L. Conrad; treasurer, C. H. Cole; chaplain, Samuel Vanhook; guide, Ben McMurry; warden, Fred Williams; sentry, Oba Folsen; trustees, P. E. Buz and C. E. Cummins; representative to grand council, Wm. F. May; alternate, P. E. Bonham.

H. G. A.
Newark Home No. 34 met in regular session Wednesday evening, Dec. 30. The routine of business, which was of much importance was transacted. We are having good

Efficiency and Sufficiency For Good Work

(WRITTEN FOR THE ADVOCATE BY JAMES R. HOPLEY.)

Efficiency is developed by service; sufficiency is developed by constancy, by persistence.

Unless the efficient are sufficient, the end can not be achieved. We must "fight it out on this line" and never quit.

Unless sufficiency is born of efficiency, the judgment of time will not give approval to effort.

The present is the golden age of progress, the great opportunity for men of even ordinary talents; the fertile field in which to sow seed.

The man who finds things fairly well and leaves them no better than he found them, has made no progress.

The mere agitator who does not construct is of no substantial value in the development of the times.

Activities of the present which do not create a better living condition for the future, have availed little.

There is so much to do all about us; there are splendid possibilities in every community; there is such a great chance for effective work right here and now that it is astonishing you wait.

Today's activities will be rewarded by tomorrow's results, and it is our privilege and duty to be busy in creating better conditions.

Tomorrow's triumphs must depend on sub-

stantial work today and now—you may be sure of that.

No man dares hold back in the programme which would insure the development of good in this or in any community.

If we are to gain much for the future, we must do much in the present, because results are only possible through effort.

The constructive work of community building, of moral advancement, of spiritual strengthening, is, and must be, done by the churches.

Every man has a place to fill in making this world. Every church organization is doing its part to stimulate better living, which insures better citizenship. A higher standard of Christianity creates still better purposes in the hearts of all.

Our talents, though few, can be made effective if we link them with the talents of others in purposeful activities.

Efficiency comes from service—every soldier knows it—are you in training to make this old world brighter and better for your service in it?

The churches plead with you to respond to the call for volunteers for the great army of peace; the church offers you a working place.

Reveille! Awake! Put on the full armor. Stand ready for duty!

"IN THE MORNING SOW THY SEED, AND IN THE EVENING WITHHOLD NOT THY HAND; FOR THEY KNOW NOT WHETHER SHALL PROSPER THIS OR THAT"

and interesting meetings. Wednesday evening, Jan. 6, will be installation of the new officers. All officers are requested to be present to be installed into office.

The members have decided to give a free musical entertainment Jan. 13. Supper will be served for the small sum of 10 cents. Come out, everybody, and hear something good and entertaining. A good committee has been appointed and will do their best to make it a success. Special music, both vocal and instrumental, will be furnished. Everybody invited. Do not forget, entertainment free.

F. O. E.
Licking Aerie No. 387, Fraternal Order of Eagles, had a good turn out at the last session in 1914, and 21 candidates were admitted to membership. The next session will be held at Fromholtz hall, January 5, when the officers for 1915 will be installed and the usual installation banquet will sound the beginning of the New Year for Eaglesdom.

K. OF P.
Newark Lodge No. 12.
One of the most enjoyable meetings ever held by Newark lodge was held last Thursday evening when the knight rank was conferred upon a class of six candidates. The knight rank team of Newark lodge is considered one of the best in the state and it is putting it mildly to say that every member on the team performed his part excellently.

The refreshment committee deserve great praise for the sumptuous supper and the excellent manner in which it was served.

A number of the members remained after the close of the lodge to bid farewell to the old year and welcome the New Year in.

Next Thursday evening the new officers will be installed by Lodge Deputy E. L. Montgomery, and the work for the new year will begin. A good attendance should be present as the new officers are all live wires and no doubt they will have some good suggestion to hand out for the future of the lodge.

Y M. C. A. NOTES

The vacation week has brought a large attendance at the building. The employed officers estimate the daily attendance at from 250 to 300 men and boys. The gymnasium, bowling alleys, game rooms, and every other place in the building have been in use.

In mentioning the large number of former members now home from college, in last week's notes, the name of John Braddock was omitted by mistake. John is attending school at the Tennessee Military Academy at Sweetwater, Tenn. He keeps up his membership here.

The bowling alleys are proving to be a source of much enjoyment to the members. A ribbon will be awarded to the member who makes the highest score in each week.

The association wishes to express its thanks through the notes to three persons who have recently contributed to the work in the following ways: J. A. Wintermute, tailor, a circular scarf; A. S. Mitchell, bowling hall; T. J. Evans, first class thermometer. These gifts help.

In the list of those contributing to the new game table for the boys room as published in last week's notes, the name of Miss Irene Jones was by mistake omitted. Thanks is extended to her, too.

Old association boys, who visited us within the last few days, are: Harry Tinnen, general secretary of the Y. M. C. A. at Nilesville, Harry Lucas of Cleveland, Roy Miller of Cleveland, Harold Long, Washington, D. C. Paul Needham, Columbus.

General secretary Frank L. Johnson went to Columbus, Wednesday morning in response to a letter from the chaplain of the Ohio State Penitentiary to visit two young men, who are there from Newark. It is unnecessary to say that they were glad to see him.

Rev. M. Thompson, assistant secretary, left this morning for Rca, Pa., to spend a few days with his parents.

there. The boys wish him a happy time. The educational classes will open again on Monday night, both at the building and at Riverside.

William A. Ashbrook.

Congressman William A. Ashbrook has been annoyed by a number of persons who persist in approaching him about a boom for governor, following his triumph at the November election, when the result was noticeable throughout the state.

Mr. Ashbrook denies both the boom and the rumor that he was its author. The former does him credit, the latter an injustice.

Following the returns which indicated Mr. Ashbrook's strength as a candidate, the Advocate without a hint from the congressman, even without his knowledge, in a spirit of friendship and believing that he would be worthy of gubernatorial honors, suggested his name, incidentally mentioning some of the elements of political strength he possessed.

Other newspapers in Ohio took the matter up, most of them in an attitude of enthusiastic endorsement and thus it spread until it has become a subject of state-wide comment.

Fighting Tuberculosis.

More than \$20,500,000 was spent last year in the campaign against tuberculosis in the United States. Of this sum, 66.8 per cent was derived from public funds, either federal, state, county or municipal, and the remainder was contributed by private philanthropy. These are some of the interesting figures contained in the annual statistical statement of The National Association for the Study and Prevention of Tuberculosis, made public today.

Institutional care and treatment of consumptives in hospitals and sanatoria makes up the largest share of the total expenditures. More than \$17,300,000 was spent for this purpose, with an additional \$925,000 for special treatment of tuberculosis insane and prisoners. These figures include not only the cost of maintenance, but in some instances the cost of construction of institutions. Anti-tuberculosis associations spent the next largest sum, amounting to a little over \$900,000. Care of patients in dispensaries and by visiting nurses cost almost as much, approximately \$860,000. The growth of the open school movement is shown in the fact that last year more than \$300,000 was spent for this purpose, as against \$10,000 expended five years ago. State and city boards of health spent \$200,000 directly on tuberculosis work.

In the last five years, the percent-

age of money spent from public funds has steadily increased from 53 per cent in 1909 to 69.3 per cent in 1913, and 66.8 per cent last year. The National Association considers this increase significant, since it indicates a shifting of the burden of institutional care of the consumptive from the private purse to the general public purse where it rightly belongs.

Keeping a Diary.

It was not many years ago that a large part of the population started out in January to keep diaries, though many quit by February 1. It was one safe and orthodox present to hang on a Christmas tree. The little, black-covered note books sold for this purpose were as prim in appearance as the stiffly written record inscribed therein.

Comparatively few people keep diaries today. In the quiet life of former times the journal habit was a convenient means of killing time. If you couldn't find a thing else to do, you could always dig out the dusty little journals and read about the frolics of previous years. The modern man would rather put in his time working up a new business deal, and the woman in attending the card parties.

The diary habit has its value and Newark dealers report that those who continue the practice are not "old timers" by any means. Many of the high school girls are still keeping diaries, and they are enjoying it. A diary promotes a meditative, contemplative and philosophic attitude toward existence. It leads to reflection, and that's worth while.

Someone asks what has become of the boy who used to save and split several cords of wood every winter for the family fuel? Well, just about now his son is kicking because the hired furnace man does not operate the heater more efficiently.

Iron crosses, Victoria crosses and other varieties of the same thing are being handed out rather frequently in Europe these days but the favorite brand in this country with some people is the "Double Cross."

Confident that later it will be easier to meet their obligations, many people express the hopefulness and optimism of the New Year by throwing all bills in the wastebasket.

It is difficult to describe the contentment with which many persons look on a man who is able to show up at his place of business at 8 a. m., January 2, without a splitting headache.

It is said that one of the pleasures of the Russian soldiers is a hot bath every Saturday night. This will help the small boys to understand the sufferings of war.

New Year Resolutions.

(Cleveland Leader.)
This is the week for the making of New Year resolutions.
Happy the man or woman who can make them in all seriousness—who has the mental honesty and courage to recognize and face the desire to overcome them—who has the spiritual freshness and simplicity to take an annual inventory of himself and set up a better standard of conduct for the coming year.
Unhappy the man or woman who is too cynical to make New Year resolutions. If he is unable to feel the New Year spirit which inspires them and which radiates from the humanity about him he has lost a good and vital thing out of his life. If he does not make New Year resolutions because he feels sure he will break them he has lost something even more valuable—his self respect.
It is better to make New Year resolutions in good faith and break them than not to make them at all. The mere fact of making them and

the effort to keep them are uplifting in themselves. And there is no effort without at least some result.
The mistake is often made of resolving to do too much—of tackling too many big things. A resolution need not be a big one. To be good it need not be such as these. A determination not to be irritable and kick out, to take things calmly and to work well in the belief that by so doing everything will turn out right in the end, not to pretend to know more than we do, not to "fourflush" in any way, to be agreeable always when meeting people, to look on the bright side of things and not to worry.

None of these is difficult to cultivate as a habit. The world would be a great deal better if everybody tried to live up to them even though certain of failure at times.

Related Calamity Howl.

The purpose of the wall from the Manufacturers' Association of Montgomery county, Pennsylvania—addressed to President Wilson—admitted to the newspapers in advance—is too transparently political.

A special dispatch to The Herald from Washington states that Mr. Wilson will ignore this "calamity howl" in the form of a pretended appeal for revision of the Underwood tariff—such a revision being at this time a palpable impossibility.

Since the same organization last July issued a similar manifesto filled with declarations and predictions of direst voe the country has bravely encountered the shock of the greatest war in history, successfully surmounted the difficulties it created, and it now sees a revival of trade and industry ushering in a period of renewed prosperity.

Our current indebtedness abroad has been paid and the exchanges are nearing the point at which gold will be imported. Money is exceptionally easy, and the new banking system in successful operation assures a continuance of ample credits for every body engaged in production or distribution. The great steel corporation is so confident of the future that it has decided to not reduce the wages of its great army of employees, and is reported to be receiving orders twice as large as those of one month ago.

A "calamity howl" at this time is decidedly belated, and the president is quite right when he decides to pay no attention to it.—New York Herald (Ind.).

Spirit of the Press

Ohio's Big Prison.
With a mortality rate of seven out of seventeen hundred during the year of 1914, the Ohio penitentiary may well lay claim to being one of the most healthful prisons in the country.

If not in the world. Medical science in the present age is closely allied with the rule of reason and law of common sense. Aided by these two allies, any community can be made a healthful spot.—Dr. O. M. Kramer in Ohio Penitentiary News.

No Cause for Tears.
"We have never had a president named Charlie," remarks the Toledo Blade. Nor to the best of our knowledge have we ever had one who was called Reggie or Algernon, but we can't see that the fact is calculated to move any one to salty tears.—Philadelphia Inquirer.

So It Is.

The professor who went five days without eating says the pain caused by starvation is almost purely imaginary. Maybe so, but the pleasure of eating is real.—Toledo Blade.

Timely Protest and Warning.

President Wilson's note of protest and warning to the British government with respect to the treatment of American commerce by the British naval forces is both well-timed and well-founded. It is well-founded because American industries and trade have suffered from the acts of British naval commanders and from the apparent inactivity of the British government definitely to make up its own mind about questions of "contraband" and the rights of neutral commerce at sea in time of war. It is well-timed because not made in haste, but with all deliberation. It recognizes the fact that the war was not expected by the British government, and that it could not reasonably be expected to deal in short order and satisfactorily with all details of a wholly unprecedented international situation.—Chicago Herald.

Thoughts on Tariff.

These Montgomery county manufacturers are at it again. Of course, they are non-partisan; they say it themselves. They prove it by assuring the president that the European war has no effect upon business, which is dull only on account of the Underwood tariff. Imports are declining. For example, at the port of New York in the week ending the 19th imports were nearly \$6,000,000 less than a year before, but the non-partisan manufacturers of Montgomery county know perfectly well that it is the flood of foreign goods pouring into this country that makes business poor. Will these non-partisans from Montgomery county please explain why business was bad seven years ago when the Dingley tariff was in force?—Philadelphia Record.

That Round-Robin.

In a round-robin to the president of the Manufacturers' Association of Montgomery county, Pa., urges the repeal of the Underwood-Simmons tariff, and concludes with the statement that, in spite of the war, "destructive importations have not ceased." Has it ever been a time when American industries were more effectively protected against foreign competition? In other respects his letter is as insulting as it is unintelligent.—New York World.

Catarrh of Bronchial Tubes, Exposed to Cold Drenching Rains, Stubborn Cough, Cold on the Chest, Thick Yellow Sputum.

Mr. George A. Douglas, No. 49 East 131st St., New York, N. Y., writes: "As my work compels me to spend a large part of my time out of doors, I have often been drenched by sudden rains, chilled by extreme cold, and I soon found that I had a bad case of catarrh of the bronchial tubes. I tried plasters and medicine, but nothing I did seemed to help me until I took Peruna. This splendid medicine took right hold of me, drove every bit of the disease out, and built me up until I felt stronger than I had for years. Whenever I have been exposed now a couple of doses always restores me. Peruna is an ideal protector in all sorts of weather."

Mr. H. E. Waterman, Brooklyn, Wis., writes: "I had a very peculiar cough for several months, the result of a cold on my chest, and I finally became aware that I had catarrh of the bronchial tubes. Every night and morning I would cough and rale. I took medicines which were prescribed for me, with little or no effect, and as my trouble grew worse and worse I became very much discouraged. The druggist advised Peruna, and as I had noticed it advertised quite extensively, I thought I would give it a trial. I soon found that it was doing me a great deal of good, and I took only a few bottles before I was perfectly well. I feel very thankful to Peruna."

This is also a typical case of bronchial catarrh. Many people are subject to chronic cough, caused by catarrh of the bronchial tubes.

Mr. Jonathan F. Stark, Ex-Recorder of Scott Co., Iowa, writes: "I was afflicted with indigestion and bronchitis until I only weighed 119 pounds. I got a bottle of Peruna, and took it. After taking the first bottle I gained four pounds, and I kept on gaining until I weighed 140 pounds, and am still taking Peruna. It is all right for persons afflicted as I was."

Those who prefer, can now procure Peruna in tablet form.

NEW SERVICE FOR ALHAMBRA IS INSTALLED

Manager Siebanoller of the Alhambra theatre, in the Arcade Annex, has contracted for the World Film Corporation moving picture service of Shubert & Brady. This splendid feature service needs no introduction to people who are familiar with the different producing companies. Shubert & Brady pictures are in demand over the entire world. The new Alhambra has been entirely rebuilt and is now one of the most modern picture houses in central Ohio.

The World Film Corporation pictures will be shown at the Alhambra on Mondays, Tuesdays, Fridays and Saturdays—afternoon and evening. The pictures at this theatre have not been up to the standard. Since its opening on Christmas day, this is not the fault of the machines or operators. Manager Siebanoller states, but of the films that he was forced to accept until he could arrange for something better. He guarantees the new service to be one of the best ever brought to the city. On Monday night the five-reel picture play, "A Gentleman From Mississippi," will be produced, featuring Tom Wise. This is a comedy of Washington life that created a great sensation over the country and packed the theatres from pit to dome. It will be well worth seeing.

Society

The Yuka Ka Soota club was delightfully entertained Thursday evening with a watch party by Miss B. atrice Thompson at her home in South Second street. In the guessing contest Miss Helen Peck and Miss Donald Helmke carried off the prizes. The new year was ushered in with dancing and games and at a late hour a delicious luncheon was served the following club members and guests: Misses Helen Peck, Anne Heide, Bernice Heaton, Thelma Frankenberg, Gladys Smith, Beatrice Sigman, Beatrice Thompson, Lucille Hohl, Catherine Johns, Pauline Glasmeir, Laura Walton, Messrs. Edgar Albright, Donald Helmke, Gerald Helmke, Raymond Crawford, Harold Martin, Ellis Lamp, Albert Elliott, Walter (Cap) Wilson, Myron Cline, Albert Black. The guests of the club were Miss Pearl Tilton and Carl Tilton of Caldwell, O.

Miss Gladys Ayers very pleasantly entertained a number of her friends on Wednesday afternoon at her home in East Main street, honoring Mrs. Joseph Miller, formerly Miss Emma Harrison; Miss Earl Fouse, formerly Miss Mary Devoe, and Miss Mildred Robe. The hours were spent in needlework and guessing contests. Mrs. Joseph Miller receiving the prize.

Delicious refreshments were served to the following: Mrs. Joseph Miller, Mrs. Earl Fouse, Misses Mildred Robe, Lucena Miller, Ruth Ford, Laura Browne, Clotilde Howard, Anabel Conrad, Ruth Jones, Freda Wagenheim, Helen Lake, and Mrs. Ursel Swain, who assisted in serving the guests.

The members of the Silent Circle of the King's Daughters were entertained at the home of Mrs. Ross Smith in North Fifth street on Friday evening. The little party was arranged as a surprise to Mrs. Smith and Mrs. Charles Stoolfire on behalf of the members presented Mrs. Smith with an umbrella. The hours were from three to six and tea was served by Mrs. Daniel Shepherson. In a sewing contest the souvenirs were awarded to Mr. Fred Puche, Mrs. J. V. Hilliard and Mrs. Arthur Banton. About thirty guests were present.

Surprises. Yes, many of them have been in store for Rev. A. B. Cox and family of East Main Street U. B. church since being in Newark on December 23 about seventy-five of the C. E. society surprised them in their home, each having brought something as a slight token of their love for them, also as an effort to show their appreciation for the great work which they have done in behalf of the church, every one enjoyed themselves and report a fine time.

New Year's eve was watch night at the church. The service was opened at 8 p. m. by the music committee of the Christian Endeavor, which had arranged a fine program for the occasion. Then came the reports from the various heads of the church organization. The class leader, Sunday school superintendent, ladies of the C. E., Brotherhood, Ladies Aid, Missionary and Oteberin Guild all gave five minute talks, each boosting by giving a five minutes talk.

This part of the program was closed by Rev. I. M. Hoagwood delivering a fine address in behalf of the Ladies Aid in presenting a quilt which they had made, with the names of the church members, and their many friends worked upon it, to Rev. A. B. Cox and family.

All were then invited to luncheon, about 200 having assembled in a social way to get better acquainted.

Devotional services followed, in which five accessions to the church were made, just as the whistles were welcoming the new year five started on a new spiritual plain.

The Monday Talks will meet on Monday at the home of Mrs. W. S. Wright, 121 Hudson avenue.

The Young Peoples' society of the Fifth Street Baptist church entertained with a watch party on Thursday evening in the parlors of the church. A short business session was held in which the standard of excellence was adopted, and a publicity correspondent and congressman elected. A beautiful and impressive recognition service for new members was held, after which games and music were enjoyed. A scrumptious luncheon was enjoyed by a goodly number of young people and the last forty minutes of 1914 were sent in singing hymns. The evening was one long to be remembered by those present.

Mrs. John Burrell entertained the Sunshine club at her home, 66 Brennan street, Friday afternoon with ten members present. The time was spent in needle work and a contest in which Mrs. Floyd Graham received the prize. Refreshments were served. The next meeting will be with Mrs. Ed Ross, January 14.

A reunion of the class of 1911 was held on New Year's Eve at the home of Miss Martha Hartshorn on the Granville road. The evening was informally spent and a buffet luncheon was served. The guests were: Mr. and Mrs. Ray Woodford, Mr. and Mrs. James Copeland, Mr. and Mrs. G. L. Smith, Mrs. A. M. Zell, Misses Anna Gardner, Ruth Holler, Stella Dorwin, Bernice Bragg, Dora Norpell, Mary Gallagher, Nellie Smith, Ruth Kestla, Virtue Shannon, Jennie Wolf, Marie Graham, Florence Crouse, Mabel Hughes, Gladys Laughlin, Thelma Miller, Bessie Laughlin, Martha Harris, Ethel Sharer, Olive Kent, Margaret Ramey, Mildred Rhodes, and Mary Swincie; Messrs. Dewitt Hanger, Emerson Miller, William Engstrom, Frank Smith, Donald Schiffer, Dana Walker, Fred Nohlen, Clyde Adams, Trussdale Stevens, Fred Toothacker, Joseph Armstrong.

The New Year dance given last evening at Assembly Hall by the members of the Centum Dancing club was well attended and was a most enjoyable success. A delightful program of music was furnished by the Nutter-

Hawkins orchestra for the following dancers:

Messrs and Mesdames P. W. Faust, J. P. Lahey, C. F. Ferguson, H. D. Dulone, E. A. Hirst, C. C. Griffith, J. V. Hilliard, Ols Riggs, D. J. Taylor, W. K. Daugherty, J. T. Harbottle, F. S. Nighbor, E. V. Prior, Ray Rogers, Buch, A. C. Smith, David Thompson, George Vail, J. M. Ankele, M. T. Beam, Carl Wyant, G. M. Roley, A. T. Smith, Misses Elizabeth Weisgarber, Sue Taniel, Nina Norris, Lucille McEwen, Clara Copeland, Clotilde Howard, Grace Jones, Nellie Sturman, Allieriet Chrysler, Florence Meyer, Messrs Ross Davidson, E. L. Weisgarber, Clarence Sudbury, F. E. Cole, C. F. Farmer, E. Frenier, Searl Watts, Carl Meyer, Carl Ashton Carl Ankele.

Miss Georgia Harris entertained the Middy Girls club with a watch night party New Year's eve. The evening was spent in various games and contests. At a late hour refreshments were served to the following: Misses Marie Berry, Mabelle Johnson, Thelma Klinger, Letha Wince, Gwendolin Dixon, Alice Headley, Camille Chase, Orlena Hall, Annetta Southard. The guests were Miss Miriam Raick and Eunice Wagley of Thornville, O, and Lillian Seymour.

A pretty matinee dancing party was given at Assembly Hall on New Year's Day, and a most enjoyable dance program was arranged by the Nutter-Hawkins orchestra. Ices and confections were served during the afternoon to the following guests:

Messrs and Mesdames Jay Cooper, Oscar Scheldler, Joseph Coelho, Misses Louise Smith, Buelah Ruhaud, Bernice Wintermute, Margaret Moore, Dorothy Kuster, Clotilde Howard, Grace Jones, Hazel Southard, Evelyn Murphy, Marie Hirst, Helen Kuhn, Pearl Mercer, Olive Howard, Mary Simpson, Martha Sachs, Virginia Warner, Amy Kuster, Ada Snelling, Sue Walker, Lucille McEwen, Mildred Robe, Irma Alspach, Mary Maholm, Camille Windle, Elizabeth Claytor, Leontine Moore, Alta Sherburne, Bernice Jackson, Mary Carl, Blanch Putman, Marjory Lawhead, Dorothy Edmiston, Katherine Davis, Mary Ganey, Maxine Davis, Ruth Lindert, Katherine Musser, Marion Colms, Juliet Besuden, Helen Wright, Mary Sherwood Wright, Martha Wright, Helen Beard, Virginia Dads-well.

Messrs Foster Wyant, Gilbert Stewart, Walter Glennon, Harvey Trittip, Ralph Trittip, Ralph Cook, Elmer Shimmel, Doc Fulk, Eaton Arthur Streit, Ray Wintermute, Eaton Booth, Frank Kuster, Raymond Day, Ralph Edwards, Dale Warner, Warren Weiant, Fred Palmer, Frederick Hall, Howard Upson, Carl Ankele, Harold Smucker, DeWitt Hansberger, Ray Patterson, Donald Vail, Edwin Stedem, John Sachs, Byron Prior, George Pfeffer, Edward Pearsall, Fred Dunsendon, Albert Jones, Gene Collins, Howard Rugg, Clifford Sherburne, John Ward, Walter Brown, Rod Miller, Duane Fulton, and Frederick Wright.

The out of town guests were: Miss Florence Ottman of Utica, Miss Nellie Flory of Granville, Miss Eva Wilson of Granville, Miss Mildred Hamill of St. Joseph, Mo., Miss Besse Hagmeier of Marion, Messrs Dean DeWitt of Columbus, Doc Lovell of Zanesville, Thuston of Granville, Paul Sachs of Columbus, Duke Claxton of Granville, Jas Archie of Minneapolis, Minn., Wiley Ata of Zanesville, Ray Perry of Chicago, Ned Putnam of Granville, Bob McCann of Dayton.

The Miscellaneous Needleworkers will meet at the home of Mrs. E. E. Wiles in Tuscarawas street Wednesday afternoon instead of Tuesday.

Miss Marie Brown of 552 East Main street entertained Friday evening twenty of her young friends. Games and various amusements furnished the pleasures of the evening, further enhanced by refreshments which were served at a late hour.

The following were guests of Mr. and Mrs. L. A. Stare over New Year's. Col. and Mrs. C. W. Wallace, Miss Emma Wallace, and Miss Genevieve Bowen of Columbus, Miss Genevieve Wallace and Mr. Ben Carlowe of Lancaster.

Mrs. F. M. Howard, Ohio Grand International Inspector and Organizer of the Auxiliary to the B. L. E., visited the Elizabeth K. Fitzgerald Division, No 111 at Martins Ferry this week and inspected the order.

Following the inspection Mrs. Howard was honored with a reception and was honored by being presented with a handsome gift from the members of the organization. A banquet was also given, honoring Mrs. Howard, who as inspecting officer reported that the Martin's Ferry division of the Auxiliary to the B. of L. E. to be up to the standard in all the requirements.

Miss Dorothy Kuster entertained the following guests with a watch party at her home in Hudson avenue on New Year's eve: Misses Margaret Moore, Bernice Wintermute, Martha Sachs, Olive Howard, Lucille McEwen and Clotilde Howard, Messrs Harvey Trittip, Walter Glennon, Ralph Trittip, Frank Kuster, Lawrence Love, Ralph Cook and Doc Lovell of Zanesville.

The members of the sewing club of which Mrs. Fred Warner is a member were entertained by her at her home in Rugg avenue on Thursday afternoon. The hours were devoted to needlework and a delicious luncheon was served.

Very often disease comes from tired used-up NERVES. You can cure this condition, without running any chances of forming any drug habit, or incurring any bad after effects.

RESOLUTIONS.

Newark, O., Dec. 28, 1914

Mary Noe.

WHEREAS, it has pleased Almighty God in his infinite wisdom to remove from our midst our beloved sister Mary Noe, a respected member of Journeyman Tailors' Local Union No. 251, therefore be it

RESOLVED, That while we feel that Sister Noe bows in humble submission to him who knows all things for the best, yet it is within the nature of God's own creatures to mourn with the family for their loss; and be it further

RESOLVED, That the members of Local No. 251 extend their deep and heartfelt sympathy to them in this hour of their grief, cherishing them with the hope, that she has gone to her Eternal home above, where peace and love reign supreme; and be it further,

RESOLVED, That our charter be ordered draped in mourning for a period of thirty days, that the sorrowing family be presented with a copy of this Resolution, and that a copy be spread on the minutes, and also published in the daily news papers.

MRS. SADIE EASTERDAY, MRS. ANELIA SIMROSS, MISS MANE PRIOR.

ATTENDED MOTHER'S FUNERAL.

William F. Irwin has returned from Woodstock, Va., where he was called on account of the illness and death of his mother, who was eighty-two years of age, dissolution being caused by the infirmities of age. Six children survive, William being the oldest.

"Billy" as his friends call him, has been assisting in a local commission house, and during his five weeks stay in Virginia he called at a number of similar houses and found that business was not near as brisk as in Newark. Mr. Irwin was glad to get back to Licking county and states that Newark is the best place on earth.

educate all of the people—you haven't got the money."

In vigorous terms the former president opposed in detail the administration bill for greater measure of self-government for the islands, declaring that "no measure could be framed, better calculated to stir up trouble in the Philippines."

"The Filipinos people do not understand Republican self-government in the sense that we know it," said the former president.

"What would be the result if they were given self-government at once," asked Chairman Hitchcock.

"A Filipino in whom I have great confidence," said Mr. Taft, "said to me, 'your steamers would not be around Corregidor Island before the throat cutting would begin.' I verily believe that is true. We find the same condition in Mexico. The man who loses a political fight, has his head for a forfeit. That's what developed when Aguinaldo was in power."

"I'm describing an actual condition that exists there. I'd be glad to have the United States get out of the Philippines and I have a great regard for the poor people out there. They don't like me because I told them the truth. But the trouble with a great many people is that they don't like to be told the truth. If you give these people independence, now or by 1920, you will have this terrible situation develop. Either a Diaz would arise in the Philippines, or they would get into a condition that caused the fall of Diaz in Mexico."

The former president, while disavowing any intention of speaking as a military expert said in answer to questions, that the obligation of the United States to defend the Philippines might be a "source of weakness in time of war."

"But," he continued, "I do not believe that any of the nations now engaged in the European war would look on the possession of the Philippines as a naval base, as a source of weakness."

Mr. Taft declared that in his opinion Japan had no desire to take the Philippines.

"I twice visited Japan and conferred with the authorities on that very point," he continued, "and it is my opinion that their experiences in Formosa have been quite enough in that direction."

Neither presidents McKinley, Roosevelt or himself had contemplated turning over the Philippine government to the people before they were educated to handle it, Mr. Taft said.

"I believe Mr. Roosevelt feels the way I do," he said. "Of course, I am not in Mr. Roosevelt's confidence, but I judge that is his position."

"While the Democratic platform promised self-government to the islands," Mr. Taft said, "action at this time was not necessary."

"The fulfillment of platform pledges without regard to the good of the country has not been the consistent course up to this time," he said.

MRS. FRIZZELL IMPROVING.

Mrs. H. A. Frizzell who was struck by an interurban car in Union street Thursday afternoon, is improving at the City hospital where she was removed after the accident. Granville

(Special to The Advocate)

Granville, O., Jan. 2.—New Year's Day at the Bryn Du Farm the palatial home of Mr. and Mrs. J. S. Jones on the Newark road witnessed a return of old time good cheer when nearly every hostess in the country expected to receive her friends on New Year's day. During the hours from three to six o'clock p. m. many friends both from Newark and Granville called and were cordially welcomed by Mr. and Mrs. Jones. Miss Frances, who is home from college for the holidays, presided in the dining room, where dainty refreshments were passed. In addition to its natural advantages, Bryn Du Farm has been transformed by the magic of faultless taste and unlimited means, into one of the most beautiful and ideal country homes in the state. Remodeled and furnished and thoroughly equipped with its own heating, electric lighting and water works system, nothing seems to be lacking to render it complete in every restful detail. A dozen of the younger set remained for the evening, where for two or three hours they "chased the glowing hours with flying feet."

Mr. Dwight Sample, son of the late John H. Sample, has left Brazil, where the breaking out of the European war has had a depressing effect on business, and along with twenty-five young Englishmen who were associated with him in business in Toa Paola he has gone to England and joined the English army. He writes, in a letter to Mr. L. A. Austin that he likes the life; that Kitchener's army is worked hard, ten hours a day, that they are quartered in temporary wooden huts; that their fare is coarse, but clean and plentiful and that he gets along nicely with the fifty men in his hut, who recognizing his American "twang" ply him with questions about the United States. They are all eager for service and hope to be in France by February at farthest.

Prof. W. H. Johnson went to Marietta on Thursday, for a visit to his father. Mr. Howard Osborn who has been visiting at the home of his uncle, Mr. Burton Case, on Broadway, returned to Columbus this morning. Mr. Osborn is in the designing department of the American Bridge company at Gary, Ind.

Mr. Willard Lowery, son of Mr. and Mrs. J. W. Lowery of this place, a Denison graduate who has been teaching in Chester, Pa., was married on Thursday to Miss Irduldruduo on Thursday evening, Dec. 31 to Miss Lillian M. Friend of Wilmington, O., in Philadelphia, where a dinner to the bride party at the Bellevue-Stratford followed the ceremony. Mr. and Mrs. Lowery will be at home at Park Place, Chester, after January 25, 1915.

The week of prayer services will begin Monday evening at 7 o'clock. The Hoosier Manufacturing company's traveling men belonging to District, No. 1, under the management of Mr. H. V. Deming have been here all week, talking over plans for the coming year's work. The men attending the convention have expressed the greatest pleasure with Granville and its hospitable people.

Mr. Hannon Nixon, son of Rev. and Mrs. H. A. Nixon, started on New Year's day for Texas and Oklahoma on business for W. T. Moore. On Tuesday, Dec. 30, Miss Alice Cox, a former Sheperdson student of the year '10, was married to Mr. Karl Duerr '09, at her home in

Mr. Fulton served with distinction and was honored with many important commissions and entrusted with the introduction of many weighty measures. He was also the author of a number of bills, one in particular making him the most sought after member in the legislature, the famous Gerrymander bill.

Canton, O. Mr. Duerr is engaged in the automobile business and their home will be in Chicago.

Try This For Neuralgia.
Thousands of people keep on suffering with Neuralgia because they do not know what to do for it. Neuralgia is a pain in the nerves. What you want to do is to soothe the nerve itself. Apply Sloan's Liniment to the surface over the painful part. Do not rub it in. Sloan's Liniment penetrates very quickly to the sore, irritated nerve and allays the inflammation. Get a bottle of Sloan's Liniment for 25 cents of any drug-gist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

OLD GRANVILLE BOY KILLED BY BURGLAR IN HOME

Granville friends have received a letter from Prof. C. F. Castle of Chicago, telling of the death of William Fassett, who lived in Granville from 1850 to 1870. Mr. Fassett was shot and killed by a burglar who entered his home at San Francisco, December 18. He was the youngest son of Dr. Henry Fassett who lived for some years on the Dunlevy farm south of the village.

NOTE BURNING AT MAPLE AVENUE CHRISTIAN UNION

Thursday night, as per previous announcement, the Y. P. C. U. of Maple Avenue Christian Union held a "Watch Meeting" from 7:30 to 12 o'clock. The hour leaders had splendid programs and the hours passed pleasantly and quickly, the hour of midnight arriving all too soon for the most of them. The last half hour was occupied by the pastor in a talk concerning the church and its work, and as the hourhand approached the figure 12, he led the audience in a short prayer of thankfulness for the blessings of the past and for the help of the Lord in the future. At the close of this prayer, he applied a lighted match to a \$200 note that had recently been paid and while it burned, the congregation sang the doxology, the benediction was pronounced and the people rejoiced in the Lord over the victory obtained.

BEASLEY

NEWARK HERO OF VERA CRUZ MAY BE ABLE TO GO TO GET HIS MEDAL

Friends, Interest Themselves and Will Furnish Means for Him to Attend Ceremonies.

Harry C. Beasley of Maple avenue this city, who was awarded a gold medal by Uncle Sam for bravery at Vera Cruz and who was notified several days ago by L. W. Wartsbaugh, Lieutenant Commander, U. S. N., that the medals will be presented with due ceremony on board the Florida at the Navy Yard in New York on Wednesday, Jan. 6, will be able to be present on that occasion with the other ten brave boys who will also receive the distinctive honor.

The letter received by Mr. Beasley follows: "Navy Department, Bureau of Navigation, Washington, D. C., Mr. Harry Beasley, 402 Maple avenue, Newark, O., Sir: It is the intention of the department to have the medals of honor awarded for the heroism at Vera Cruz presented with due ceremony on board the Florida at the Navy Yard, New York, Wednesday, January 6, 1915.

"The Bureau will be pleased to have you present on that occasion and suggests that you inform the Bureau if you will be able to be there.

"It is unfortunate that there is no appropriation which will permit any of your expenses being borne by the government.

"If you feel that you cannot be present the Bureau will send the medal direct to you. Respectfully, L. W. Wartsbaugh, Lieut. Commander, U. S. N."

After receiving the above letter Mr. Beasley met Ex-Senator Wm. E. Miller on the street the other day and after showing it to him remarked that he would like to be present but did not feel justified in going to the expense, as it would require at least \$50 for transportation and hotel accommodations.

Mr. Miller said nothing at the time, but later decided that he would endeavor to raise a purse and present it to Mr. Beasley so that he might be able to be present and receive the medal in person. He stated that Mr. Beasley had been one of eleven of Uncle Sam's marines to be significantly honored during the fighting at Vera Cruz in which eighteen brave soldier boys of this government lost their lives; that when it was announced that medals had been awarded them the news was flashed over the entire country and for days stories were carried in all the leading metropolitan papers of the country and that Newark was given much publicity as a result.

That fact alone, however, was not the only motive that prompted Mr. Miller to act. He knew that the Newark boy had gone into battle without hope of reward and that only love of flag and country had prompted him to display that heroism shown at Vera Cruz.

Before leaving the boat to go on the firing line he left directions with his comrades as to the disposition of his effects and his remains should be never return and his last request was that a message be delivered to his mother.

Mr. Miller has met with quite a little encouragement in his laudable endeavor. He will be pleased to have any one call him by phone or stop in his place of business and leave a subscription. Mr. Beasley will attend the ceremonies as the guest of his Newark friends who believe in rewarding heroism.

CHICAGO RESENTS
HEATH OF A PIG AS
INDUSTRIAL EMBLEM.

(Associated Press Telegram.)
Chicago, Jan. 2.—The head of a pig as emblematic to Chicago's industry would be resented by Chicagoans, according to a letter which the committee promoting the International Christian Endeavor convention to be held here next July, mailed today to a New England badge company.

This committee had advertised for designs and bids for the convention medallions, and the eastern concern's design had in the center of the bar on the badge the head of a pig as emblematic of Chicago's industry.

REGULAR MEETING
DEMOCRATIC CLUB
IS ENTHUSIASTIC

An enthusiastic meeting was held by the Livingston County Democratic club at its regular meeting held New Year's night in its rooms, 22 1/2 South Third street.

The books were audited and showed that those of the secretary and treasurer corresponded to a cent.

The committee previously appointed on the Jackson Day centennial banquet made their reports which were of the most encouraging nature. This banquet will be held Friday evening, January 9, at the Hibbert & Schaub hall, beginning at 6 o'clock sharp.

The election of officers for the ensuing year resulted as follows: President, O. C. Larson; first vice president, F. E. Slawson; second vice president, E. L. Slawson; secretary, R. E. McGonigle; treasurer, J. P. Meyer.

Even when the glare of a torch publicity hunt, no one was to be cast in the shade by the glare of suspicion.

FARMER

GETS HIS REWARD IN FOOD, FUEL AND SHELTER RATHER THAN MONEY

American Farms Produce 63 Per Cent. of These Necessaries to Those Who Till

(Associated Press Telegram)
Washington, Jan. 2.—Rewards of a farmer are measured in the products his farm furnishes him directly rather than in dollars and cents, according to the department of agriculture today in a statement on the results of an investigation concerning the farmer's income.

The average farmer receives little more money for his year's work than he would be paid if he hired himself out as a farm hand, the investigation shows. In other words, though, he is in business for himself, the average farmer gets little or no money reward for his labors and the risk and responsibility he has assumed.

The average value of the chief necessities of life—food, fuel, oil and shelter—used each year by the farm family was \$595.08. Of these necessities, estimated in money, the portion contributed directly by the farm was \$421.17, leaving necessities to the value of \$173.91 to be purchased by the farmer.

Of the food consumed 63 per cent. was furnished by the farm, which varied considerably in different sections. It was greatest in North Carolina where farms supplied 82.3 per cent. of the food consumed while the average in New York was only 50.4.

In view of the present economic crisis in the south, the department points out, this fact is regarded as a particularly significant since it demonstrates the extent to which, with a proper system of agriculture, southern farms could be made self-sustaining.

Why Should You Insure Now?

BECAUSE YOU CANNOT BE SURE OF TOMORROW. A thousand things may happen to make you uninsurable within twenty-four hours.

BECAUSE you cannot buy it any cheaper tomorrow. Why delay when there is no financial profit in it and make your dependent ones carry your risk?

BECAUSE it is your duty, and the only time to discharge a DUTY is now. You may never do it next month.

BECAUSE you may be dead when your excuses for not acting now are all removed.

FRENCH REPORT

(Continued from Page 1.)

occupied three new lines of houses. The text of the communication follows:

"During the night of December 31-January 1, the enemy delivered at numerous points along the front a series of attacks which were repulsed with ease.

"The region to the north of the Lys was, during the day of January 1, the scene of a very spirited artillery engagement which took place on the dunes of Neuport and at Zonnebeke.

"At St. Georges the enemy did not continue his counter-attacks, and all our gains have been retained.

"In the regions of Arras, of Albert and of Royen, there have been artillery duels. The enemy blew up two of our caissons between Beaumont and Achiet. In revenge we demolished the enemy's trenches at Parvillers and at La Boisselle, and we stopped the operations of the mine-thrower set up in front of Fri-court."

"Our artillery also obtained happy results in the legion of the Aisne where it silenced the artillery of the enemy and dispersed several concentrations of German troops. We have installed ourselves on the plateau of Novvren, in certain excavations caused by the explosion of mines. The Germans were not able to either advance or drive us out; all their counter-attacks were driven back."

"In the region of Reims there was a fairly violent bombardment by the enemy."

"In the region of Perthes we occupied and retained a forest two kilometres to the northeast of Mesnil-Les-Surris; the enemy did not deliver a counter-attack."

"In the Argonne, in the forest of Lagrange, the local retirement reported yesterday has not had any effect. We have re-occupied a part of the ground lost, and we are holding our positions strongly."

"In the Woëvre we have retained the positions gained by us December 30 without experiencing a counter-attack from the enemy and in the forest of Lagrange we have made a slight advance."

Russia Issues Report of All Battle Fronts

(Associated Press Telegram)
Petrograd, Jan. 2.—An official communication given out by the general staff last night recounts the situation in the various fields of action along the Russian front. It says:

"In east Prussia and in the region of Mlava (northern Russian-Poland) we have defeated attempts by the Germans to deliver a partial offensive."

"On the Vistula, opposite Wyszogrod, our armed steamers cannonaded the infantry of the enemy with success."

"Between the Vistula and the lower Pilica, the Germans have begun a series of attacks supported by the fire of their heavy artillery. Our troops, in action on the left bank of the Bzura river, near Vitkoritz, repulsed two night attacks. On the Rawa river we repulsed an attack directed against Dolezka."

"On December 31 the enemy manifested activity which was particularly intense in the region of the town of Rawa where the fighting still continues."

"South of the Pilica the action has spread out and the positions cut off the routes from Vlodchoro to Kielce."

"In Galicia we made energetic attacks on the enemy in the region of Gorlice (southwest of Jaslo) near Mschanka and Ropitzka where, despite the extremely fierce resistance which the enemy offered, we destroyed after a hard fight, their fortification established on the heights."

"In the village of Mschanka we captured about 2000 prisoners, including sixty-eight officers, four cannon and six mitrailleuses. The fighting in this region still continues. Furious counter-attacks, which the enemy made supported by armored automobiles, were repulsed by our artillery fire and bayonet charges."

"In Bukowina we occupied, after a hard battle, Storozhinetz and Radutz (just south of Czernowitz). We also took some prisoners."

Do You Need a Kitchen Inspector?

By SAMUEL DEVORE in "THE DELINEATOR."

Let us suppose, in a moment's flight of the imagination, that our home kitchens could be inspected regularly and carefully by feminine inspectors, as thoroughly as the men who go about for the United States Government look into the sanitation of the factories which put up our food-products for us.

Perhaps we don't like to think too much about the possibilities inherent in such a situation. Yet such regular inspection would help us a whole lot. And one of the things it would accomplish would be to prevent the misuse and unsanitary treatment of the foods with which such scrupulous care is taken at the factory. After vast labor and expense have been incurred to have our crackers and biscuits put up in perfectly sanitary and convenient form, we—many of us—go far toward undoing that which we have paid the manufacturer to do for us by disgraceful neglect of ordinary sanitation in the kitchen.

We hailed the dainty air-tight package which forever banished the dust-tainted, fly-blown bulk goods of the old-time corner grocery; we welcomed the sealed glass and tin; and then we grew careless, until now we—some of us, at least—treat the package goods as badly almost as the unkept grocery treated the bulk goods. This, when one stops to think of it, is a waste of money. Not only of money, but of the decency and charms of daily living.

Three-fourths of our foodstuffs—so it has been estimated—come to us in package form. There is a straight line now from the factory to the kitchen. Domestic commerce is, literally, tied to the anons-strings of the cook. Women are back of the movement which inaugurated the thorough sanitary inspection of food factories. These concerns are as regularly inspected as a hospital. The men and women employed in preparing the goods have their hair covered with white linen caps. They wear white aprons that pale before those of many women in their home kitchens. All this is to guarantee absolute fitness in the boxed product.

But what of the kitchen to which the package finally comes? How does it compare with the factory?

We, of course, can not investigate the home kitchen, but we can accurately test the condition of these package goods that have passed the test of the factory inspector and appear on the consumer's table unwholesome or at least unpalatable.

Buy a box of crackers for, say, five cents; take it home. The chances are that you rip open, with any knife, the first side that turns up, then take out half of the crackers and leave the opened box on the pantry shelf. The crackers left exposed become damp. After two or three days they are thrown away.

"The don't keep well" is your complaint.

SANE CELEBRATION OF NEW YEAR'S IN CHICAGO NOTED

(Associated Press Telegram)

Chicago, Jan. 2.—Chicago's celebration of New Year's eve was the sanest in recent years, according to a statement issued today by the Law and Order League which had investigators in leading cafes and hotels watching for law violations.

"It was not quiet as we could have wished," the statement reads. "But it was a much better sort of a celebration than we expected. Last year it was not so bad, but this New Year's eve was even less objectionable. It was the sanest in recent years."

SHRAPNEL FELL INTO CAPITAL FROM MONITORS

(Associated Press Telegram)

Paris, Jan. 2.—The Belgrade correspondent of the Havas agency, in a dispatch dated December 31, describes the bombardment of the Serbian capital by four Austrian monitors, which, he says, took place on Wednesday. His message follows:

"Yesterday at noon, the enemy's guns fired several shots on Karabournaki. One shell fell in the city, damaging a house. Towards 4 p. m. in the afternoon four Austrian monitors appeared before the fortress and opened fire against it and the banks of the Save and Danube rivers. The bombardment lasted until 8 o'clock. At intervals the rattling of quick-firers was heard. Several more shrapnel shells fell in the city. The damage was purely material."
